AMEND Senate Bill No. 3074

House Bill No. 3002*

by deleting everything following the enacting clause and substituting instead the following:

Section 1. Tennessee Code Annotated, Title 69, Chapter 8, is amended by adding Sections 2 through 10 as a new part.

Section 2. This Act shall be known as the "Inter-basin Water Transfer Act".

Section 3. The general assembly finds that as the population and demand for water resources grow, it is prudent to engage in planning for the future and to have an explicit mechanism in place to regulate proposals for the diversion of water from one river basin to another. By removing water from rivers, such inter-basin transfers raise issues of the protection of the public health, safety, welfare and the environment as the water is no longer available for use in the original stream. The primary purpose of this Act is to protect the quantity of water in river basins. Although the common law addresses some of these concerns, it relies on after-the-fact litigation rather than a modern regulatory system. As this is remedial and police power legislation, all sections of this Act shall be liberally construed to effectuate its purpose.

Section 4. For purposes of this Act, the term basin or river basin shall refer to the entire topographic extent of the following ten (10) watersheds and combinations of watersheds:

(1) The Mississippi River and all of its tributaries west of the Tennessee River valley;

(2) The Duck River, the Elk River, and the western Tennessee River valley;

(3) The lower Cumberland River to the downstream point of the mouth of the Caney Fork River, the Harpeth and the Stones Rivers;

(4) The tributaries of the Barren River;

(5) The upper Cumberland River, the Caney Fork, the Obey, and the Big South Fork of the Cumberland River;

(6) The lower Tennessee River in East Tennessee up to and including the Hiwassee River;

(7) The Conasauga River;

(8) The upper Tennessee River in east Tennessee upstream of the Hiwassee, the Little Tennessee, the Clinch, and the Emory Rivers;

(9) The French Broad River and the Nolichucky River; and

(10) The Holston River and the Watauga River.

SECTION 5. No persons or entities:

(1) Which have been granted powers by the state of Tennessee to acquire water, water rights and associated property by eminent domain or condemnation; or

(2) Which acquire or supply water for the use or benefit of public water supply systems as defined in Title 68, Chapter 221, Section 703, shall

(1) increase the amount of water withdrawn; or

(2) locate a new intake for withdrawal, when some or all of the water will be transferred to a different river basin.

AMEND Senate Bill No. 3074

House Bill No. 3002*

SECTION 6. In addition to powers under all other statutes, including but not limited to the Water Quality Control Act, T.C. A. §§ 69-3-101 et seq., and the Safe Drinking Water Act, T.C.A. §§ 68-221-701 et seq., the commissioner of environment and conservation, or his designee, shall have the following powers and duties under this Act.

- (a) To issue civil penalty assessments in accordance with Section 7;
- (b) To conduct inspections and investigations;
- (c) To bring suit in the name of the department for any violation of the provisions of this act including seeking any remedy available under this Act as well as under any other statutory or common law remedy related to water availability and supply;
- (d) To delegate any of his duties to the director of the appropriate division under his supervision; and
- (e) To be the primary administrative agent in carrying out the provisions of this Act.

SECTION 7. (a) The commissioner may assess civil penalties for any violation of this Act of up to ten thousand dollars (\$10,000) per day per violation. In making such assessments, the commissioner shall consider all appropriate factors including without limitation, whether the violation was knowing or intentional, any actual harm to people or the environment resulting from the violation or activity, the potential for harm to people or the environment posed by the violation or activity.

- (b) Any civil penalty shall be assessed in the following manner:

House Bill No. 3002*

(1) The commissioner may issue an assessment against any person or entity responsible for the violation.

(2) Any person or entity against whom an assessment has been issued may secure a review of such assessment by filing with the commissioner a written petition setting forth the grounds and reasons for the objections, and asking for a hearing on the matter involved before the board. If a petition for review of the assessment is not filed within thirty (30) days after the date the assessment is served, the violator shall be deemed to have consented to the assessment and it shall become final.

(c) All fees and penalties assessed and collected under the provisions of this part shall be administered in the same manner as provided in the Environmental Protection Fund Act, T.C.A. §§ 68-203-101.

SECTION 8. Any exercise of the state of Tennessee's grants of power to acquire water, water rights, and associated property by eminent domain or condemnation, and for the use or benefit of public water supply, shall not be made in a manner that conflicts with the Water Quality Control Act, T.C.A. §§ 69-3-101 et seq., or this Act and the regulations thereunder.

SECTION 9. Tennessee Code Annotated, Section 65-27-101, is amended by designating the existing language as subsection (a) and by adding the following sentence as subsection (b):
